

The Clik-Clik™ Magnetic System

America's Easiest Way to Hang Ceiling Displays

Clik-Clik ... Ceiling Outfitters' Most Popular Product

Clik-Clik™ is used by over 22,000 retail and manufacturing locations nationwide. With professional-grade design features and functionality, Clik-Clik™ is the best sign-hanging solution in the marketplace.

Select from the components below to create your own solution; or, purchase one of the value-priced Clik-Kits™ ranging from \$110 to \$300 on our website. Each kit includes a telescoping MagPole™, a sturdy MagMover™, strong neodymium ClikMagnets™, and patented LoopLine™ cord.

1. Choose a MagPole™

- Durable Aluminum and Fiberglass Construction
- Lightweight and Easy to Maneuver
- Telescoping Sections Lock into Place
- Collapsible for Easy Transportation and Storage

- A) **One-Button MagPole**
10-11702
(for ceilings up to 14ft)
- B) **MagPole**
10-18000
(for ceilings up to 23ft)
- C) **Monster MagPole**
10-18023
(for ceilings up to 27ft)

2. Select a MagMover™

- Securely Transports and Retrieves ClikMagnets
- Heavy Duty Steel and Aluminum Construction
- 24-inch Dual MagMover Width Matches Most Ceiling Grids

- A) **Single MagMover**
10-94290
(holds one magnet)
- B) **Dual MagMover – 6-inch**
(holds two magnets)
10-10402
- C) **Dual MagMover – 24-inch**
10-10242 (fixed) 10-12402 (adjustable)
- D) **Multi-MagMover – 24-inch**
10-10408
(holds up to 8 magnets)

3. Add ClikMagnets™

- Connect to Any Metal Surface
- Use on Drop or Open-Beam Ceilings
- Plastic Coating Prevents Scratches
- Attach LoopLine Easily to Center Ring
- Available in Four Magnetic Pull Strengths (PS)

- A) **Mini ClikMagnet** (3-lb PS)
10-93503
(Silver)
- B) **Regular ClikMagnet** (5-lb PS)
10-94300 (Black) 10-94299 (White)
- C) **Super ClikMagnet** (10-lb PS)
10-95288 (Black) 10-95277 (White)
- D) **Round Blue ClikMagnet** (10-lb PS)
10-95570
(White)
- E) **Round Red ClikMagnet** (20-lb PS)
10-95600
(White)

4. Include LoopLine™

- LoopLine Reduces Set-Up Time
- Quick and Simple to Attach; No Knots to Tie
- Signs Always Hang Level
- Available in Four Tensile Strengths (TS)

- A) **LoopLine Light – White** (5-lb TS)
10-70155
(328-ft spool)
- B) **LoopLine Light – Clear** (10-lb TS)
10-70165 (164-ft spool) 10-70168 (508-ft spool)
- C) **LoopLine – Black** (25-lb TS)
10-70144 (82-ft spool) 10-70124 (328-ft spool)
- D) **LoopLine – Clear** (25-lb TS)
10-70166 (82-ft spool) 10-70126 (328-ft spool)
- E) **LoopLine – White** (25-lb TS)
10-70133 (82-ft spool) 10-70123 (328-ft spool)
- F) **LoopLine 400 – Gray** (400-lb TS)
10-74035
(115-ft spool)

Thread MagMover
onto MagPole

Attach ClikMagnets
to your sign
with LoopLine

Place prepared
ClikMagnets onto
assembled MagMover

Extend MagPole to
connect and suspend
your sign from a metal surface
